AND PERIODONTICS

GREATER PHILADELPHIA
DENTAL HYGIENE STUDY CLUB

Dr. Philip L. Fava and Dr. Robert A. Levine of The Pennsylvania Center For Dental Implants And Periodontics, together with the Greater Philadelphia Dental Hygiene Study Club Present:

“THE CRITICAL ROLE OF THE DENTAL TEAM TO COMBAT SLEEP DISORDERED BREATHING”

This 5 credit hour course is essential for all Dentists, Specialists, Hygienists, EFDAs and team members. Please join us as we explore and learn the keys to success in helping our patients overcome and reverse this serious health issue.

Speakers: Ben Miraglia, DDS and Lauren Gueits, RDH, BS

Methodology: Didactic Power Point presentation with “jaw dropping” Case Reviews and robust Q&A session

This course is a call to action for all dental professionals who are dedicated to preventing sleep disordered breathing (SDB) rather than wait to treat the devastating effects it imposes; ADHD, bed wetting, asthma, cardiovascular disease, lower IQ, depression, and other maladies. With an estimated 22 **million Americans** suffering from obstructive sleep apnea (OSA) and **80 percent** of the cases of moderate and severe OSA undiagnosed, **the dental team is called upon to help reverse this crisis.**

By understanding the root cause of OSA, malocclusion and soft tissue dysfunction, hygienists and dentists can take proactive steps in applying lifesaving protocols to prevent OSA in patients of all ages.

Learning Objectives:

- Understand the etiology of sleep disordered breathing and malocclusion
- Evaluate symptoms, co-diagnose to help prevent/ treat early development issues
- Intercept patients BEFORE they become sleep apnea patients
- Recognize the devastating effects of underdeveloped maxillae and mandibles
- Work collaboratively with the medical community
- Understand the value of myofunctional therapy
- Discover a new paradigm of airway development that will change the way you practice dentistry for good!

Our Speakers

Ben Miraglia, DDS: Dr. Ben Miraglia has been providing expansive orthodontics/functional appliance therapy to patients at his Mt. Kisco private practice for 15+ years. He was voted one of the top educators of the year by Dentistry Today since 2015 and was honored with a position on the President's Council of N. Westchester Hospital in Mt. Kisco, New York. Dr. Miraglia is on the American Academy of Cosmetic Orthodontics Board of Directors and the American Academy of Physiological Medicine and Dentistry. He is a graduate of the State University of New York at Buffalo School of Dental Medicine and is a member of the Omicron Kappa Upsilon Dental Honor Society.

~~~~~  
**Lauren Gueits, RDH BS:** A dental hygienist of 20+ years and a recipient of the 2010 RDH Sunstar Award of Distinction lectures nationally to health professionals on airway health solutions, comprehensive care and oral/systemic links. Lauren received her degree from the State University of New York at Farmingdale in 1991 and post graduate training in Myofunctional Therapy through the AOMT in 2013. Lauren is an industry key opinion leader, published author, and has appeared on WNBC, WABC and the Colgate Oral Health Network raising awareness about diabetes and oral health and orthodontics. She is passionate about the integral role of hygienists as health care advocates, preventing disease vs treating symptoms and is enjoying her new role as Founder/President,
