***PRESIDENT OF EASTERN DENTAL SOCIETY
ENCOURAGES AREA PROFESSIONAL PARTICIPATION***

Philadelphia, PA, June 28, 2018: For the last three years, Dr. Philip L. Fava II has brought his organizational talents to Philadelphia's Eastern Dental Society, where he was elected President in 2015.

"Participation in a club like this provides a wonderful means of not only meeting new colleagues but expanding your professional knowledge as techniques are shared and discussed," notes Dr. Fava. He adds, "it's not all about clinical lectures. We also like to foster a sense of camaraderie by having social events like our annual golf outing."

The Eastern Dental Society -- comprised of more than 150 members -- meet monthly with the goal of offering "high-level continuing dental education with a social aspect that fosters peer-to-peer learning." Annual dues also cover informative and entertaining lectures that provide 12 continuing educations (CE) credits toward the 60 that are required every two years in the Commonwealth of Pennsylvania (40 in New Jersey).

As one of the area's oldest dental organizations, the [Eastern Dental Society](#) has brought dental educators and students/residents together for more than 100 years. The organization was formerly known as the Philadelphia Dental Society and was renamed in 1908.

For more information on the organization, visit the [Eastern Dental Society](#) or phone the Pennsylvania Center for Dental Implants and Periodontics at 215-677-8686.
