Implants and Periodontics present:***

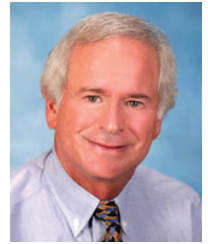

## **“The TEAM Approach to Comprehensive Periodontal and Restorative Cases”**

This 5 credit hour course is essential for all Dentists, Specialists, Hygienists, EFDAs and team members.

Please join us as we explore and learn the importance of the TEAM approach in managing difficult periodontal and restorative cases to help maintain these cases for many years.

**Speaker:**  
**Daniel J. Melker, DDS**

*The main objective of this presentation is to demonstrate how the importance of the TEAM approach in managing difficult periodontal and restorative cases can help to maintain these cases for many years. If we can maintain a guarded tooth or teeth this will help the success of implants as far as length of their success. The success of managing these types of cases directly depends on the Restorative Dentists' ability to take a broken-down tooth or teeth and rebuild them through the procedure of Bonded Composite Resins as well as provisionals restorations which will allow the Periodontist to treat the tooth or teeth so they can be restored ideally for long term stability.*

**This course will emphasize the TEAM approach in treating comprehensive periodontal and restorative cases.**

**Topics to be discussed include:**

- **Diagnosis as it relates to Restorative treatment**
- **Understanding Attached Gingiva as it relates to restorative dentistry**
- **Cores and Provisionals, their importance in periodontal surgery**
- **Biologic Shaping, an adjunct to conventional periodontal surgery**
- **Biologic width as it relates to restorative dentistry and the importance as it relates to the non- invasion of this area**
- **Cosmetics- periodontal and restorative understanding**
- **Altered Active and Passive Eruption Treatment surgically to create ideal esthetic results**
- **Margin location and materials for ideal Restorative outcomes**
- **Predictability for long term success**

## Our Speaker

**Dr. Daniel Melker** was educated at **Emory University School of Dentistry** from 1969 to 1973 and **Boston University School of Dentistry** 1973 to 1975 completing his Specialty training in Periodontics.

He currently lectures to the University of Florida Periodontic and Prosthodontic graduate programs on the Periodontic-Restorative relationship and has also lectured at Baylor University, University of Houston, University of Alabama Birmingham, as well as LSU Graduate Periodontal Program, University of Illinois and Nova graduate students. Dr. Melker's lectures include the Florida Society of Periodontics, the Pankey Institute, Florida Dental Hygiene Society, the Southwest Florida Dental Society, the West Coast Dental Association, Florida Society of Prosthodontics, the Massachusetts Dental Association, the New Orleans Dental Congress, American Academy of Periodontology and the Florida Academy of Cosmetic Dentistry, Arizona Dental Society, Connecticut Society of Periodontists, Iowa Dental Society, Maimonides Society in Washington, DC, Greater Orlando Dental Society, Institute for Advanced Laser Dentistry and the Ontario Academy of Periodontics. At the Illinois Academy of Periodontics, the Wisconsin Periodontal Society, the Ohio, Michigan and Indiana Academy of Periodontics, as well as the Seattle Study Clubs, Dr. Melker presented a format where each periodontist was able to bring his or her referrals which truly made it a TEAM concept presentation. He has also spoken at Dr. Samuel Lee's International Academy of Dental Implantology International lectures including Canada and Estonia. Dr. Melker contributed a chapter in the new textbook *Advances in Periodontal Surgery* on Biologic Shaping in conjunction with Dr. Alan Rosenfeld and Dr. Salvador Nares. He has published numerous articles in many scientific dental journals and is the two time Gold Medal recipient from the Florida Academy of Cosmetic Dentistry.

Dr. Melker has been in private practice of Periodontics for the past 39 years in Clearwater, Florida.

Approved PACE Program Provider; FAGD/MAGD Credit/Approval does not imply acceptance by a state or provincial board of dentistry or AGD endorsement 7/12/2018 to 7/11/2021
